

IJCAI-23 Awards: Call for Nominations

IJCAI calls for nominations for its 2023 awards. These awards include the Computer and Thought Award, the John McCarthy Award, and the Research Excellence Award. The 2023 IJCAI Award Committee Chair is Professor Maria Gini, University of Minnesota, USA.

Nominations for IJCAI awards may be made by any member of the AI community.

Nominations and letters of support must be submitted as a single PDF file. The name of the file must include the last name of the nominee. The deadline for submissions is **April 15, 2023**. Nominations received after the due date will not be considered.

The nomination on the first page should state the name of the candidate being nominated, their email address and website (if available), and the name and contact details of the nominator. The nomination should contain a statement (no more than 2000 words) clearly specifying why the nominee is deserving of the award. The nomination should contain letters of support from up to 3 supporters from the AI community, who should also clearly state why they believe the nominee is deserving of the award (each supporting statement should be no more than 1000 words and should identify the supporter).

Computers and Thought nomination form: <https://forms.gle/bHPsgK7QMuSWxVx56>

The Computers and Thought Award is presented to outstanding young scientists in Artificial Intelligence. Nominees for the IJCAI Computers and Thought Award should have received their PhD within the last 7 years at the date of the IJCAI conference. The eligibility period can be extended beyond 7 years for the following properly documented circumstances occurring after the Ph.D. defense: parenting leave, national service, illness of the nominee or close family members, or other exceptional circumstances.

John McCarthy nomination form: <https://forms.gle/X7kbJGUj4jHWTF59>

The IJCAI John McCarthy Award is intended to recognize established mid-career researchers, typically between 15 to 25 years after obtaining their Ph.D., that have built up a major track record of research excellence in Artificial Intelligence, with significant contributions to research agenda in area and have a first-rate profile of influential research results.

Research Excellence nomination form: <https://forms.gle/RGbJwZjkQPF3RNKU7>

The Research Excellence award is given to a scientist who has carried out a program of research of consistently high quality throughout an entire career yielding several substantial results. Past recipients of this honor are the most illustrious group of scientists from the field of Artificial Intelligence.

Informal inquiries or requests for clarification should be sent to the chair of the IJCAI-2023 awards committee: **Maria Gini** <gini@umn.edu> (subject line: "IJCAI 2023 Awards").
